

MAKING YOUR BLACKBOARD COURSE AVAILABLE TO YOUR STUDENTS

Blackboard courses shells are set to be unavailable by default to give instructors time to post content to their courses. You must make your course available to allow students to have access to it and the content you post.

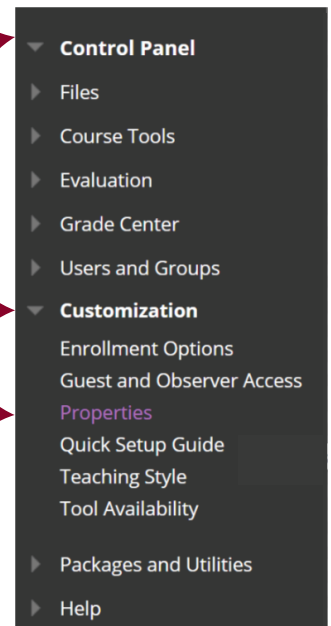

1 Click into the course you want to make available.

2 Click on the **Control Panel** Menu.

3 Click on the **Customization** Menu and select **Properties** from the drop down.

4 On the **Properties** page, scroll down to option **3** and click **Yes** then **Submit** to make the changes.

* The properties page also allows you to rename your course.
