

*How to Connect to the WiFi for Students, Faculty, Staff,  
and Guests: On Android and Apple Devices*

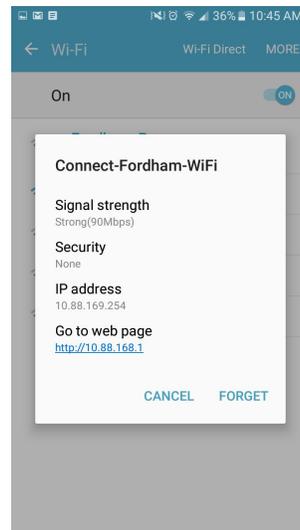

*Fordham University  
Gabelli School of Business*

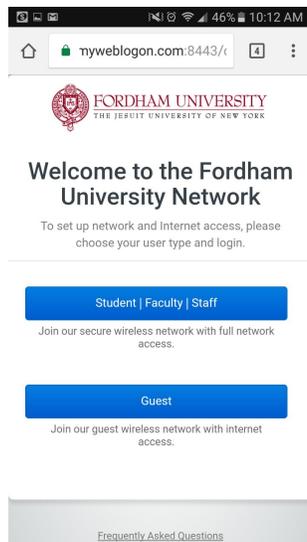

# How To Connect to WiFi for Students, Faculty, and Staff: For Androids

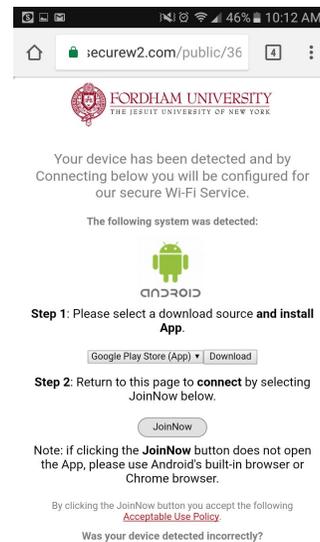

**Step 1: Select “Connect-Fordham-WiFi” as seen in the picture above.**

**Step 2: Click “Connect-Fordham-WiFi” once again to prompt the picture above. Under the title “Go to web page”, select the link provided.**

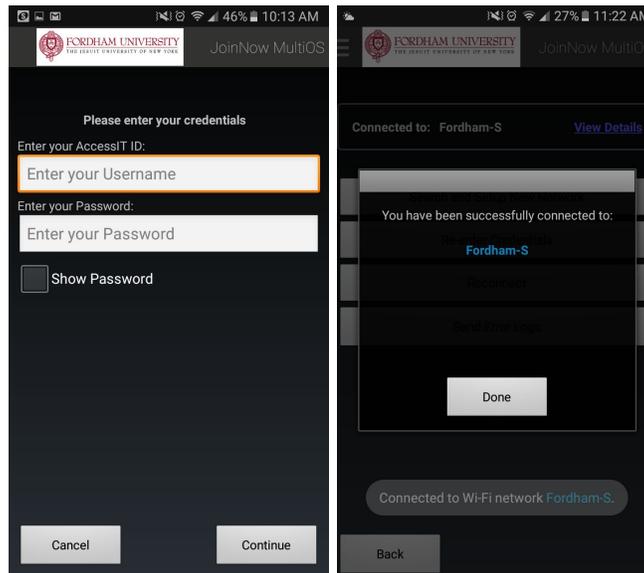

**Step 3: Once the link is loaded it will display two options, “Student/Faculty/staff” and “Guest”. Select “Student/Faculty/staff”.**

**Step 4: Once selected, it will bring you to another page which will give instructions on how to install the Securew2 app and how to connect.**

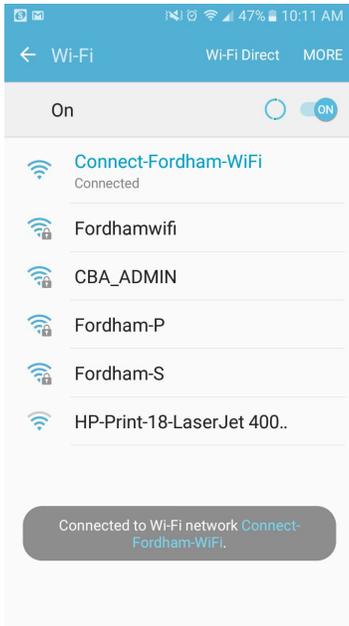

**Step 5: Install the app as seen above.**

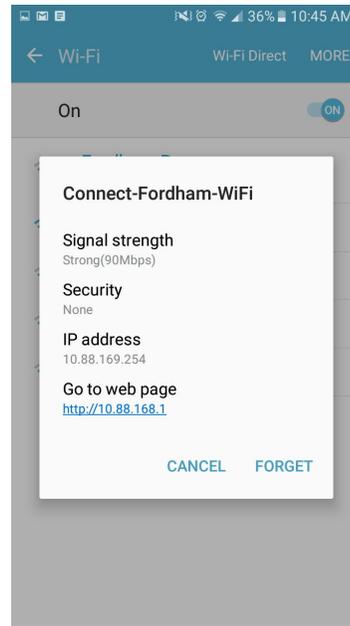

**Step 6: Once the app is installed it will take you to the login page as seen above. You will be asked to enter your credentials. Select continue to connect to wifi.**

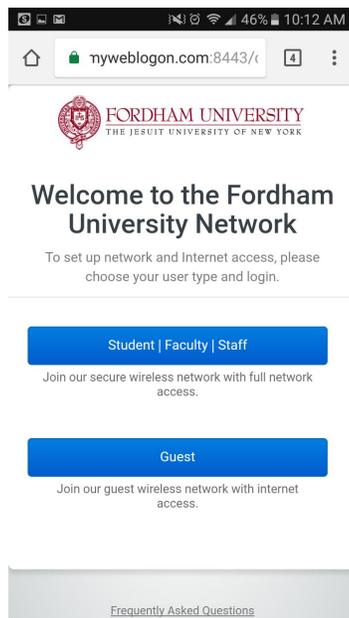

# How to Connect to WiFi for Guests: For Androids

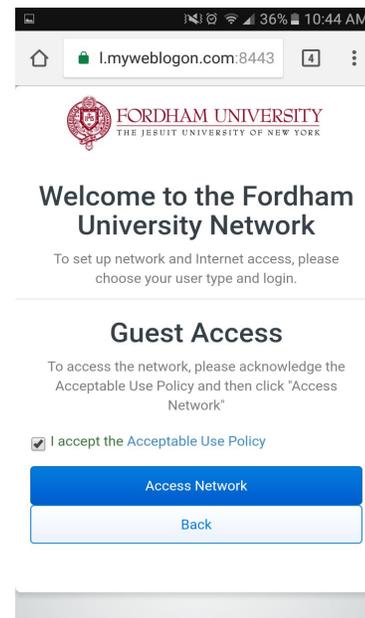

**Step 1: Select “Connect-Fordham-WiFi” as seen on the picture above.**

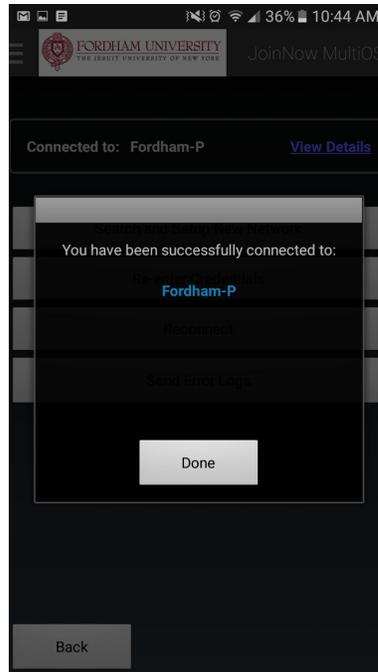

**Step 2: Click “Connect-Fordham-WiFi” once again to prompt the picture above. Under the title “Go to web page”, select the link provided.**

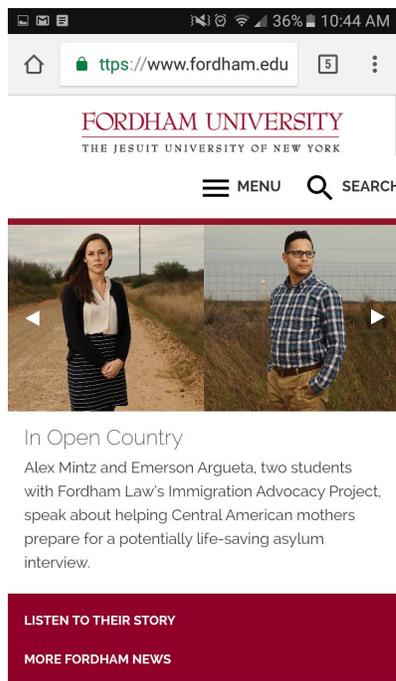

**Step 3: Once the link is loaded it will display two options, “Student/Faculty/Staff” and “Guest”. Select “Guest”.**

**Step 4: It will then redirect you to another page in which you will select “Access Network”.**

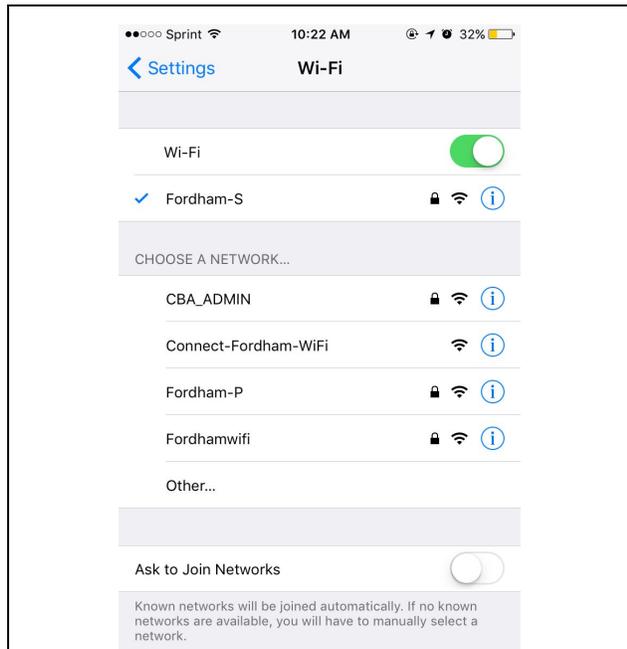

**Step 5: The next window will say that you have successfully connected to the network.**

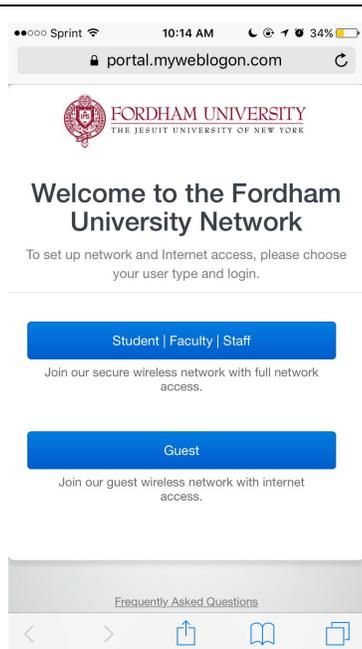

**Step 6: It will then redirect you to Fordham University's main page as seen above.**

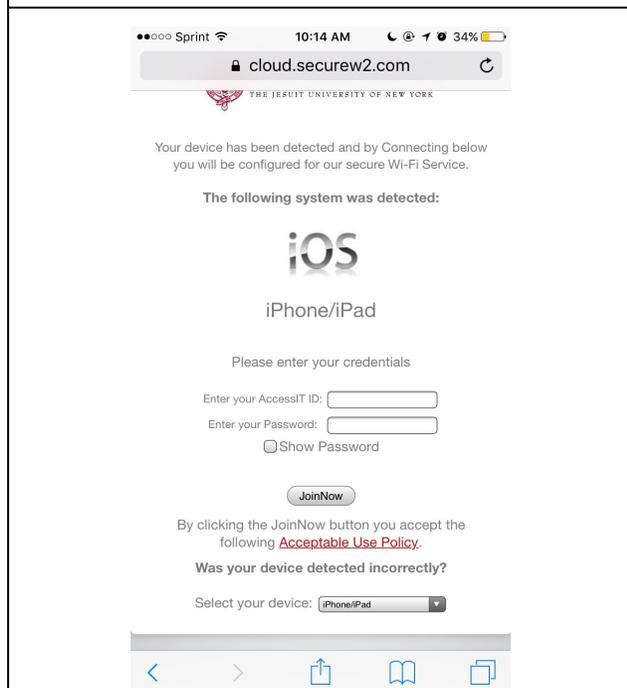

# How to Connect to WiFi for Students, Faculty, and Staff: For Apple Devices

**Step 1: Select  
“Connect-Fordham-WiFi”**

**Step 2: Open Web Browser.  
Click on the option  
“Student/Faculty/Staff” and continue on  
to the next step.**

**Step 3: Log on to the network using  
your AccessIT ID credentials.**

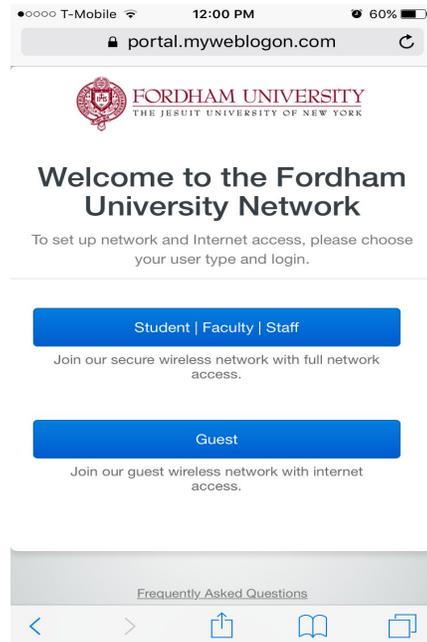

**Step 4: Enjoy!**

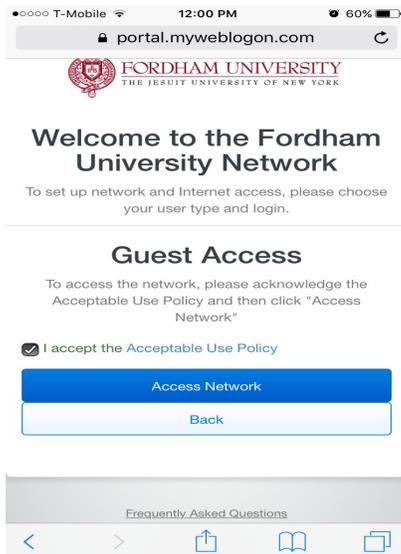

## How to Connect to Connect-Fordham-WiFi for Guests: For Apple Devices

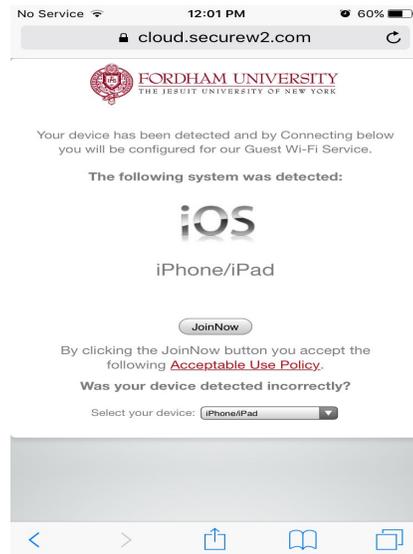

**Step 1: Select “Connect-Fordham-Wifi”**

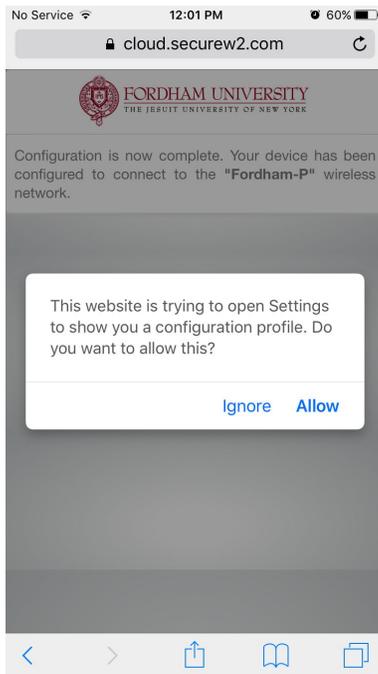

**Step 2: Open Web Browser.  
Click on the option “Guest” and  
continue on to the next step.**

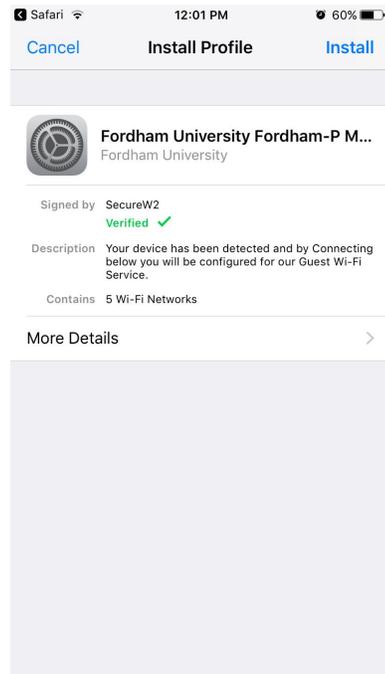

**Step 3. Click on the check box to accept  
the “Acceptable Use Policy” and click  
“Access Network”.**

**Step 4. You will be redirected to a page  
containing your system information and  
click “JoinNow”.**

**Step 5: Click “allow” when the pop-up above comes on your screen to then install.**

**Step 6: Click “Install” on the upper-right hand corner and once it is finished you will be connected to the internet.**

### *Useful Information about the WiFi Networks*

- Browsers require that Javascript be enabled.
  - The link to enable javascript on Safari is as follows: <https://goo.gl/hVRtRe>
- iOS devices require that you run through the process using the Safari browser (if you attempt to run it with another browser, you will get a message asking to open Safari)
- **Android devices** require download of a Google Play app
- **Windows Phone is not supported** and therefore cannot go through the onboarding process. These phones can connect to the appropriate network by directly connecting to Fordham-P (will require you to enter the password) or Fordham-S (it will ask to enter your AccessIT ID credentials)
- We recommend that you confirm your devices' readiness before accessing the network. Computers connecting wirelessly should have an antivirus installed; Bitdefender antivirus is available at no cost to all Fordham faculty, staff, and students.
  - The link for the Bitdefender antivirus is as follows: <https://goo.gl/CyynZ2>

*If you have any complications please contact IT Customer Care:*
